I. INTRODUCTION

The emergency support function of communications and warning involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF has been established to assure the provision of communications support to municipal, county, and private-sector response efforts during a disaster or emergency.

1. ESF 2 will identify communications facilities, equipment and personnel that could be made available to support disaster recovery efforts.
2. ESF 2 will identify planned actions of telecommunications companies to restore services.
3. ESF 2 will coordinate the acquisition and deployment of communications equipment, personnel and resources to establish temporary communications capabilities following a disaster.
B. Scope

1. Communications is information transfer and involves the technology associated with the representation, transfer, interpretation, and processing of data among persons, places, and machines. It includes transmission, emission, or reception of signs, signals, writing, images, and sounds or intelligence of any nature by wire, radio, optical, or other electromagnetic systems.

2. ESF 2 plans, coordinates and assists with the provision of communications support to county disaster response elements. This ESF will coordinate emergency warnings and communications equipment and services from local, county and state agencies, voluntary groups, the telecommunications industry and the military.

3. ESF 2 will serve as the focal point of contingency response communications activity in Chatham County before, during and after activation of the EOC.

4. Operations necessary for the performance of this function include but are not limited to:

   a. Preparedness
      
      i. Identify public and private communications facilities, equipment, and personnel located throughout Chatham County including emergency communications vehicles or mobile command posts.
      ii. Identify actual and planned actions of commercial telecommunications companies to restore services.
      iii. Coordinate the acquisition and deployment of communications equipment, personnel, and resources to establish temporary communications capabilities.
      iv. Develop and coordinate frequency management plans, including talk groups and trunked radio for use in disaster areas.
      v. Develop a long distance communications strategy for implementation during disasters.
      vi. Assess pre-event needs and develop plans to pre-stage assets for rapid deployment into disaster areas.
      vii. Develop plans to prioritize the deployment of services based on available resources and critical needs.
      viii. Plan for operations involving coordination with the state to coordinate communications assets beyond County capability.
      ix. Provide reliable links and maintain available support services for disaster communications with local, county, and state, agencies.
      x. Ensure all ESF 2 personnel integrate NIMS principles in all planning.
      xi. Participate in tests and exercises to evaluate the county emergency response capability.

   b. Response

      i. Conduct communications needs assessments (to include
determining status of all communications systems), prioritize requirements, and make recommendations to deploy equipment and personnel to affected area, as required.

ii. Identify actual actions of commercial telecommunications companies to restore services.

iii. Maintain constant two-way communication with all appropriate emergency-operating services of county and local governments.

iv. Implement frequency management plan in the disaster area, including talk groups and trunked radio, as required.

v. Provide capability for responsible officials to receive emergency information and communicate decisions.

vi. Establish communications with GEMA SOC to coordinate communications assets, personnel, and resources and mobile command vehicles as needed.

c. Recovery

i. Arrange for alternate communication systems to replace systems that are inoperative due to damage from disasters.

ii. Maintain or restore contact with the other EOCs (state, cities, and county emergency management/preparedness organizations), as capabilities allow.

iii. Make communications channels available to provide appropriate information to the public concerning safety and resources required for disaster recovery.

iv. Maintain or restore contact with all appropriate emergency operations services of county government.

v. Gather communications damage assessment information from public and private organizations (including telephone outages) and report to ESF 5.

vi. Assess the need for and obtain telecommunications industry support as needed.

vii. Prioritize the deployment of services based on available resources and critical needs.

viii. Anticipate and plan for arrival of, and coordination with, GEMA ESF 2 personnel in the SOC and other established facilities.

ix. Ensure ESF 2 team members or their agencies, maintain appropriate records of costs incurred during the event.

d. Mitigation

i. Support and plan for mitigation measures.

ii. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS
A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The emergency communications and warning function is the primary responsibility of Chatham County Information and Communication Svcs. and support for this function is the responsibility of AT&T, Amateur Radio (ARES), Chatham County Public Information Officer, Chatham County Sheriff, Chatham Emergency Management Agency, City of Savannah IT - Radio, City of Tybee Dispatch, Crickett, Effingham County Fire Department, Metropolitan Planning Commission, Savannah Chatham Metropolitan Dispatch, Savannah Chatham Metropolitan Police Dept, Savannah Communications, Savannah Fire Department, Southern Linc Wireless, Southside Fire & EMS, USCG-Hunter and Verizon
